

VSN Artists & Reporters List

Here you will find a list of the artists and authors who have contributed their talents to VSN over the years (through Jan '12 VSN).

The list is sorted by last name and is arranged by last name, first name, issue and "a" for "artist" and/or "r" for "reporter." The reporter designation includes full by-lined articles and reports. It does NOT include quotes (*Quick Tips* for example) and/or mentions.

This list is generated from my own internal records that I use in order to keep track of VSN artists and reporters. I keep track of this because each time someone's artwork or by-lined article is printed in VSN, they get a copy of that issue and an unmounted "Vamp Stamp Artist" or a "Vamp Stamp Reporter" stamp for

the first time they are printed as an artist or reporter respectively. After that, I send an unmounted stamp of my choice. This list helps me keep track of who has gotten what stamp so I don't send a duplicate if they are published more than once.

While I didn't create the list for the purpose of publishing it, it occurred to me that VSN readers might enjoy seeing who has been published when. Some names only come up once. Others have been printed multiple times. Some stampers have submitted a lot of artwork and articles. Others have submitted once or twice. Don't see your name on the list? Send in something!
