

To order back issues using the Online Shopping Cart, first use the Back Issues page on the main VSN website to decide on the specific back issues you want. Make a note of the issues and count them up to get the total number of back issues you plan to order. Keep in mind that for back issue orders that will be shipped within the US, there are three pricing tiers: 1-4 back issues, 5-39 back issues or 40 or more back issues.

Go back to the Shopping Cart and pick *US Back Issues*, *Canada Back Issues* or *Overseas Back Issues*, depending on where they are to be shipped. (Click on “*More Information*” under the option that fits you.)

Then select the *Recipient (for self or for a gift)*. Once you do this, the quantity box will appear. The default number in the quantity box is 1. Change the quantity to the number of back issues you would like. Then add it to your cart.

When you are finished shopping, check that the items in your shopping cart are correct and the number of back issues you have entered is what you want. (Orders are final as of shipping and non-returnable, so you want to be sure you order correctly!)

Then check out. List the specific back issues that you want in the back issues text box at check out. Please be sure that the number of issues you list here matches the number of issues you actually ordered!

Once I receive your order, I will process your credit card. Orders placed on the Online Shopping cart and paid by credit card are typically shipped within 24 to 48 hours (not counting Saturday, Sunday and holidays.) You will receive email confirmations of your order receipt, credit card processing and order shipping so you will know exactly where your order stands. For larger back issue orders, you may also receive an email from the US Postal System confirming that your package was shipped using their system.
